What should an EEG pretext task predict?

LaBraM
VQ codebook
2-stage

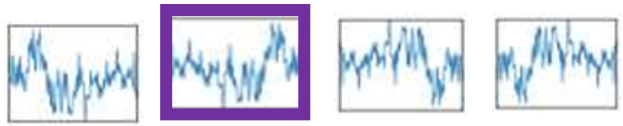

Original time domain

Mask time patches

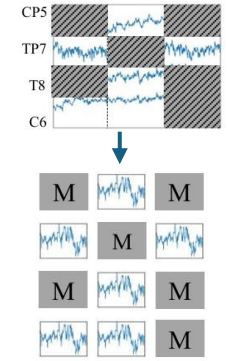

Transformer Encoder

Predict discrete code

Target: index in a learned codebook

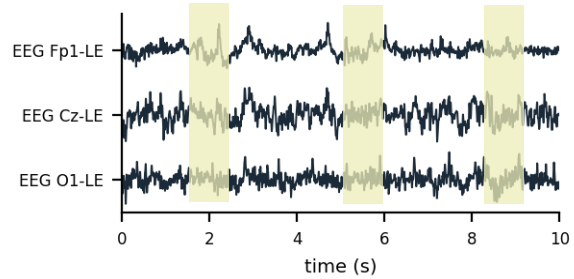

Trained stage 1

Trained stage 2

CBraMod
CSBrain
REVE
Reconstruct raw signal

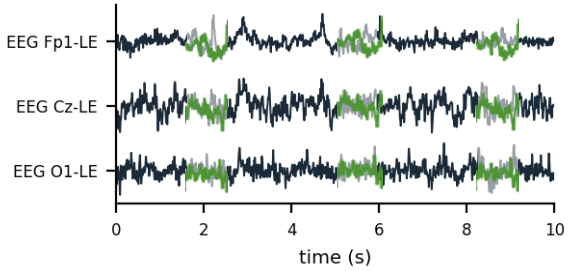

Original time domain

Mask time patches

Transformer Encoder

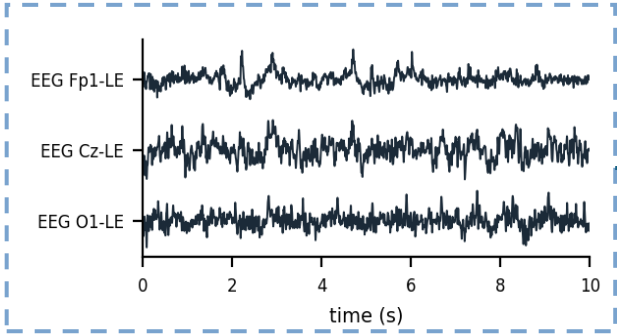

Reconstruct original signal

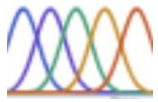

Target: original raw waveform

Includes task-irrelevant noise

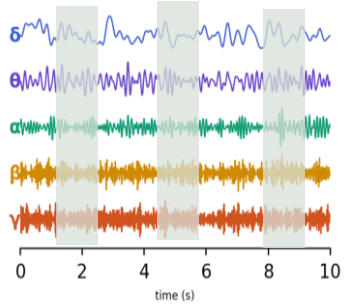

SpecBraM
Frequency-band domain

Learnable filterbank

Frequency-band domain

Mask time patches

Transformer Encoder

Predict band power
